Dear Vicki and Jim,
This morning I didn't
get up until noon. I

couldn't believe it and thought
my watch must be wrong but
after turning on the television
I found the time was correct.

I think we will be going
home tomorrow and I hope so
because there are a lot of things
I want to do.

Thanks for the telephone call.
It was wonderful hearing from
you. Flying on the 747 was quite
an experience. I haven't even seen
one yet but maybe we will
fly on one when we come back.

Dad just called from the dom
and said we won't be leaving
tomorrow after all. I think I will
stay the weekend but if it is
going to be still longer than I

Night leave. I hope to find
some one who will work
in the yard and besides I
am missing the Swedish classes.
I know they must think I have
quit.

It is after seven so dad should
be coming in soon and then we
will go out and eat. (8: P.M. He just ⁱⁿ com)

Jim Shroeder from the Seattle
office arrived here two nights ago and
his wife is flying in Friday night.
I think I will keep my bridge date
for Friday night and maybe stay on
and play at the penitentiary again
Monday night and then fly home.

Have a happy Easter.

Love,

Mom.
